Dear Mr. Rodríguez:

It is with great pleasure that I write to you to express my personal appreciation for your efforts to empower the Puerto Rican community in New York City. Your constant support of the "ATREVETE" Voter Registration and Education Campaign has made it a success. Much still needs to be done and I rest assured that we will continue to work together for the benefit of all Hispanics.

Personal commitments as yours, to a cause that is most worthy, can only be commended and applauded.

As Governor of the Commonwealth of Puerto Rico, I congratulate you and express my most sincere gratitude.

Sincerely,
